I think the controversy over GMOs represents one of the greatest science communications failures of the past half-century. Millions, possibly billions, of people have come to believe what is essentially a conspiracy theory, generating fear and misunderstanding about a whole class of technologies on an unprecedentedly global scale.

### Time to call out the anti-GMO conspiracy theory â€™“ Mark Lynas

The distribution of wealth is a comparison of the wealth of various members or groups in a society.It shows one aspect of economic heterogeneity.. The distribution of wealth differs from the income distribution in that it looks at the economic distribution of ownership of the assets in a society, rather than the current income of members of that society. . According to the International ...
