The Zachman Framework is an enterprise ontology and is a fundamental structure for Enterprise Architecture which provides a formal and structured way of viewing and defining an enterprise. The ontology is a two dimensional classification schema that reflects the intersection between two historical classifications. The first are primitive interrogatives: What, How, When, Who, Where, and Why.

Zachman Framework - Wikipedia

yes apparently the Australian version will come in that black case you see in that banner add, I have the test model and it was still in the white case but production model is that black case, I honestly don't like the look of the black case but that's just my opinion
