Latin American culture is the formal or informal expression of the people of Latin America and includes both high culture (literature and high art) and popular culture (music, folk art, and dance) as well as religion and other customary practices.. Definitions of Latin America vary. From a cultural perspective, Latin America generally includes those parts of the Americas where Spanish, French ...

Plastic is material consisting of any of a wide range of synthetic or semi-synthetic organic compounds that are malleable and so can be molded into solid objects.. Plasticity is the general property of all materials which can deform irreversibly without breaking but, in the class of moldable polymers, this occurs to such a degree that their actual name derives from this specific ability.
