Definitions. There are complementary definitions of community development. The United Nations defines community development broadly as "a process where community members come together to take collective action and generate solutions to common problems." and the International Association for Community Development defines it as both a practice based profession and an academic discipline ...

### **Community development - Wikipedia**

A community is a small or large social unit (a group of living things) that has something in common, such as norms, religion, values, or identity. Communities often share a sense of place that is situated in a given geographical area (e.g. a country, village, town, or neighborhood) or in virtual space through communication platforms. Durable relations that extend beyond immediate genealogical ...

Choosing a CERTIFIED FINANCIAL PLANNER (CFP) professional is as important as choosing a doctor or lawyer; it's a very personal relationship. Many CFP professionals specialize in working with certain types of clients, such as small-business owners, executives or retirees. Some specialize in certain areas of planning such as retirement, divorce or asset management.
