Battery Electric Buses Are Not A New Technology. In 1907 the horse bus reigned supreme. Although horse feed was expensive it was home produced and the waste material (horse dung) was a much sought-after saleable product (as fertiliser). Indeed, especially in the early years some horse bus companies found that the funds raised by selling the dung made the difference between profit and loss.

Early road signs. In 1906 we began erecting village signs as local councils didn't consider this their responsibility.. The first AA sign was erected at Hatfield and showed the place name as well as mileages to nearby towns. We had put up more than 30,000 village signs by 1939, when they became a local authority responsibility.. In fact we were responsible for most signing before 1939 having ...

The page in 'Where Ships Are Born' states that John commenced a shipbuilding business at North Sands in 1859. That date may well be incorrect, however, since this fine page, dating from 1891, references him (about 30% down) as being a builder at that location nine years earlier, in 1850, when John was just 18 years old only. The business was at that location until 1864, when Mr. Joseph L ...
