Need ideas for seating arrangements in your classroom? On this page, youâ€™ll find tips on arranging student desks in four different formations, complete with photos from My Classroom Tours . You can click on most of the pictures to view the complete tour for that particular room.

Ideas for Classroom Seating Arrangements

Students were placed in three different seating arrangements for three weeks each: self-chosen seats, randomly assigned seats, and teacher assigned seats. Each was repeated to make a total of six treatment periods.

THE EFFECT OF SEATING ASSIGNMENTS ON STUDENT ACHIEVEMENT

Redesigning a classroom or implementing unassigned flexible seating is a shift in both structure and teaching philosophy -- an entire mindset shift. In fact, teachers need a keen intuition about where the students are working and their level of engagement at all times.

Flexible Seating and Student-Centered Classroom Redesign

Instructional communication theory suggests that seating arrangements can impact how the instructor communicates with students and how the students interact with one another, impacting engagement, motivation, and focus (McCorskey and McVetta, 1978).

Classroom Seating Arrangements | Center for Teaching and

A good classroom seating arrangement is the cheapest form of classroom management. “ Fred Jones Classroom management expert Fred Jones says teacher mobility should be the aim of any classroom seating arrangement. This arrangement is among several different seating configurations illustrated in Jones’s book, Tools for Teaching.

Best Practices in Classroom Management

Seating arrangements: For older students (10 years and above) seating in rows works better than group seating. Effective instructions and commands need to be preceded by getting the pupils’ attention, and then presented clearly one at a time as “do”, in a firm (not angry) voice, with time to comply and praise for compliance.

Evidence-based Classroom Behaviour Management Strategies

Some degree of non-social seating (if student is resistant, distractible) away from other students, or at least near non-social on-task students. Three Most Popular Seating Arrangements The three most common models used in classrooms are 1) the row-and-column model, 2) the island model, and 3) the horseshoe or double horseshoe model.

Assorted Seating Configurations - effectiveteaching.com

Complete the room arrangement below by sketching the furniture (e.g., 22 student desks) to meet the class’s instructional needs and to better support Donna. Be sure to designate Donna’s specific seating location with a star. 3. Explain your rationale for the sketched classroom arrangement. 4. Explain how you chose Donna’s seating ...
