Number: 0070 (Includes CPB 121) Policy. Note: Except for Medicare plans and where coverage is mandated by state law, generally coverage for diabetic supplies would be provided under a pharmacy rider and not as part of medical coverage. Certain diabetic supplies may also be covered under the medical plan if no pharmacy or diabetic supplies rider is available.

Change the Script. Change the Script is a statewide program that connects town leaders, healthcare professionals, treatment professionals, and everyday people with the resources they need to face prescription drugs and opioid misuse.

## **DPH - Connecticut**

Kinase inhibitors are an important class of drugs that block certain enzymes involved in diseases such as cancer and inflammatory disorders. There are hundreds of kinases within the human body, so knowing the kinase "target" of each drug is essential for developing successful treatment strategies. Sometimes clinical trials can fail because drugs bind more than one target.

## **The target landscape of clinical kinase drugs | Science**

Format. Equianalgesic tables are available in different formats, such as pocket-sized cards for ease of reference. A frequently-seen format has the drug names in the left column, the route of administration in the center columns and any notes in the right column.
