Criminal Profiling from Crime Scene Analysis.

Deductive profiling is different from other forms of profiling in that it does not involve averaged, statistical profiles. Instead it focuses on criminal profiling as an investigative process, solving real crime through an honest understanding of the nature and behavior of criminals.

Criminal Profiling ISBN 9780123852434 PDF epub | Brent E

Criminal psychological profiling is one of the most innovative techniques available to the criminal investigator. Using this procedure, law enforcement officials can gain useful insights into the minds of their suspects that might otherwise be unavailable to them. Profiling a criminal places the investigator into the mind of the criminal.
