

criminology problems and perspectives pdf

Biosocial criminology is an interdisciplinary field that aims to explain crime and antisocial behavior by exploring both biological factors and environmental factors. While contemporary criminology has been dominated by sociological theories, biosocial criminology also recognizes the potential contributions of fields such as genetics, neuropsychology, and evolutionary psychology.

Biosocial criminology - Wikipedia

Voyeurism is the sexual interest in or practice of spying on people engaged in intimate behaviors, such as undressing, sexual activity, or other actions usually considered to be of a private nature.. The term comes from the French voir which means "to see". A male voyeur is commonly labeled as "Peeping Tom" or a "Jags", a term which originates from the Lady Godiva legend.

Voyeurism - Wikipedia

Lincoln's Criminology degree is designed to enable students to develop and apply an understanding of the complex nature of crime, punishment and justice. Alternative solutions to crime prevention are examined, and the impact of crime on society is investigated. Teaching is research-informed and draws upon all aspects of the social sciences.
