In the psychology of human behavior, denialism is a person's choice to deny reality, as a way to avoid a psychologically uncomfortable truth. Denialism is an essentially irrational action that withholds the validation of a historical experience or event, when a person refuses to accept an empirically verifiable reality. In the sciences, denialism is the rejection of basic facts and concepts ...

Shareholders should be realistically allowed to directly select corporate director candidates via the SEC Shareholder Proposal procedure. The days of corporate paternalism should be ended. Corporate governance problems will only be cured when Shareholders can easily remove incompetent/corrupt Directors, i.e., vote them out of office.
