Indeed, a 2013 analysis found that Tesla buyers had an average household income of \$293,200.[] A 2015 study found that buyers of the far lower-cost Ford Focus electric vehicle nevertheless had an average household income of \$199,000.[] By contrast, 2015 median household income in the U.S. was \$56,516.[]Tesla CEO Elon Musk has staked the future of his company on producing a lower-cost ZEV, the ...

An electrical network is an interconnection of electrical components (e.g. batteries, resistors, inductors, capacitors, switches) or a model of such an interconnection, consisting of electrical elements (e.g. voltage sources, current sources, resistances, inductances, capacitances).An electrical circuit is a network consisting of a closed loop, giving a return path for the current.

An induction motor or asynchronous motor is an AC electric motor in which the electric current in the rotor needed to produce torque is obtained by electromagnetic induction from the magnetic field of the stator winding. An induction motor can therefore be made without electrical connections to the rotor. An induction motor's rotor can be either wound type or squirrel-cage type.

Fundamentals of Electric Circuits continues in the spirit of its successful previous editions, with the objective of presenting circuit analysis in a manner that is clearer, more interesting, and easier to understand than other, more traditional texts.

IEEE 1584 2nd Edition Empirical Model Equations. Development of this model is discussed in 1584 IEEE Guide for Performing Arc-Flash Hazard Calculations 2nd Edition. The empirically derived model, based upon statistical analysis and curve fitting programs, is applicable for systems with:

Environmental legislation and regulations affect nearly every aspect of electric cooperative operations. Environmental policies should recognize electric co-ops' unique situation in serving rural communities, including high-poverty areas, to ensure they can continue to provide reliable and affordable electric service to rural households and businesses and spur local economies and job growth.
