electronic music 25 mixing pdf

Electronic music is music that employs electronic musical instruments, digital instruments and circuitry-based music technology.In general, a distinction can be made between sound produced using electromechanical means (electroacoustic music), and that produced using electronics only.Electromechanical instruments include mechanical elements, such as strings, hammers, and so on, and electric ...

Electronic music - Wikipedia

Electronic dance music, also known as EDM, dance music, club music or simply dance, is a broad range of percussive electronic music genres made largely for nightclubs, raves and festivals.It is generally produced for playback by disc jockeys who create seamless selections of tracks, called a mix by segueing from one recording to another. EDM producers also perform their music live in a concert ...
