

entrepreneurship successfully launching new pdf

Entrepreneurship is the process of designing, launching and running a new business, which is often initially a small business. The people who create these businesses are called entrepreneurs. [need quotation to verify] Entrepreneurship has been described as the "capacity and willingness to develop, organize and manage a business venture along with any of its risks in order to make a profit".

Launching a new enterprise "whether it's a tech start-up, a small business, or an initiative within a large corporation" has always been a hit-or-miss proposition.

Why the Lean Start-Up Changes Everything

Big companies starting businesses from scratch has become a big deal. In many cases, these volatile big bets create bigger movements, up and down, in the stock price of a company than its (more stable) core business.
