This document replacesThe Ontario Curriculum, Grades 1-8: Science and Technology, 1998. Beginning in September 2008, all science and technology programs for Grades 1 to 8 will be based on the expectations outlined in this document.

Science and Technology - Ontario

Technology society and life or technology and culture refers to cyclical co-dependence, co-influence, and co-production of technology and society upon the other (technology upon culture, and vice versa). This synergistic relationship occurred from the dawn of humankind, with the invention of simple tools and continues into modern technologies such as the printing press and computers.
