ESG and CSR activities of the Idemitsu Group are introduced. Based on respect for human beings advocated in our Principles of Management, we contribute to the realization of a sustainable society .

Environment, Society and Governance - Idemitsu Kosan Global

Ecosystem Services are the processes by which the environment produces resources that we often take for granted such as clean water, timber, and habitat for fisheries, and pollination of native and agricultural plants. Whether we find ourselves in the city or a rural area, the ecosystems in which humans live provide goods and services that are very familiar to us.

This document replacesThe Ontario Curriculum, Grades 1â€“8: Science and Technology, 1998. Beginning in September 2008, all science and technology programs for Grades 1 to 8 will be based on the expectations outlined in this document.

Science and Technology - Ontario

Technology society and life or technology and culture refers to cyclical co-dependence, co-influence, and co-production of technology and society upon the other (technology upon culture, and vice versa). This synergistic relationship occurred from the dawn of humankind, with the invention of simple tools and continues into modern technologies such as the printing press and computers.
