Government Privatization - Illinois General Assembly

Privatization, a method of reallocating assets and functions from the public sector to the private sector, appears to be a factor that could play a serious role in the quest for growth. In recent history, privatization has been adopted by many different political systems and has spread to every region of the world.

Privatization Effects on Economic Growth

Privatization takes many forms: contracting, franchising, and "vouchering"; selling and leasing government-owned assets to the private sector; and shedding services and deregulating. The various forms of privatization all operate by allowing markets to provide desired goods and services to consumers.

Privatization and the New Public Management

privatization on variables like GDP growth, employment level, and fiscal defi-cit, because of the diversity of events taking place at the sam e time. This paper, however, shows the evolution of selected aggregate measures and relates that evolution with privatization, invoking established theoretical principles.

Privatization and Its Benefits: Theory and Evidence

LEGAL GUIDELINES FOR PRIVATIZATION PROGRAMS Introduction 1. The objective of this paper is to provide guidance to policy makers in addressing legal issues likely to arise once a governmental decision has been made to proceed with a program for the privatization of state assets or enterprises. Such a program may entail the

LEGAL GUIDELINES FOR PRIVATIZATION PROGRAMS

privatization occurs when the government sells public assets to the private sector or when the government stops providing a service directly and relies on the private sector to deliver the service. Ownership is the key distinction of privatization according to this focused definition of privatization.

PRIVATIZATION VS. PUBLIC-PRIVATE PARTNERSHIPS: A
