

fried green tomatoes pdf

Tomatoes that have been modified using genetic engineering have been developed, and although none are commercially available now, they have been in the past. The first commercially available genetically modified food was a variety of tomato named the Flavr Savr, which was engineered to have a longer shelf life.

The Green Dragon Tavern has a long and rich history, playing an important part in the freedom of Boston during the War of Independence. Established in 1654, The Green Dragon was a favourite haunt of Paul Revere (whom we considered a close neighbour) and John Hancock (whose brother lived next door!).
