Informal learning is any learning that is not formal learning or non-formal learning, such as self-directed learning or learning from experience. Informal learning is organized differently than formal and non-formal learning because it has no set objective in terms of learning outcomes and is never intentional from the learner's standpoint.

Abstract: This paper characterizes optimal commitment policy in the New Keynesian model using a novel recursive formulation of the central bank's infinite horizon optimization problem. In our recursive formulation motivated by Kydland and Prescott (1980), promised inflation and output gap--as opposed to lagged Lagrange multipliers--act as pseudo-state variables.
