This is a list of the origins of computer-related terms or terms used in the computing world (i.e., a list of computer term etymologies). It relates to both computer hardware and computer software.. Names of many computer terms, especially computer applications, often relate to the function they perform, e.g., a compiler is an application that compiles (programming language source code into the ...

List of computer term etymologies - Wikipedia

A: An adjective that stands in a syntactic position where it directly modifies a noun, as opposed to a predicative adjective, which stands in a predicate position but which modifies the subject of the clause. For example, in the big green house, big and green are attributive adjectives, whereas in the house is big and green, big and green ...
