IDC Technologies INDUSTRIAL AUTOMATION - PAControl.com

Industrial engineering is a branch of engineering which deals with the optimization of complex processes, systems, or organizations. Industrial engineers work to eliminate waste of time, money, materials, person-hours, machine time, energy and other resources that do not generate value.

Industrial engineering - Wikipedia

Unit - I Introduction of Industrial Relation Management Introduction Objectives Object of this lesson is to initiate in to industrial Relations Management

Industrial Relation Management - Pondicherry University

Industrial design is a process of design applied to products that are to be manufactured through techniques of mass production. Its key characteristic is that design is separated from manufacture: the creative act of determining and defining a product's form and features takes place in advance of the physical act of making a product, which ...
