For the past month, I have been meeting with 18 other people on Tuesday nights at a local coffee shop for a coupling class. Rather than do our premarital course at the church this year, we decided we would advertise it at the city bridal show in January and hold meetings in a public space in March.

Attachment theory is a psychological model attempting to describe the dynamics of long-term and short-term interpersonal relationships between humans. "Attachment theory is not formulated as a general theory of relationships; it addresses only a specific facet": how human beings respond within relationships when hurt, separated from loved ones, or perceiving a threat.

We were well into the third year of our familyâ€™s new normal, before I had come to the realization that things really were different for us. That no, all kids really donâ€™t do this-whatever â€œthisâ€• may mean at the moment-and that we were not imagining the stress.We were not imagining the frustration. It took nearly four years to accept that the challenges we were facing couldnâ€™t simply ...
