2018 Southeast Regional Strawberry Integrated Pest Management Guide For Plasticulture Production
Commodity Editor Frank J. Louws (North Carolina State University)

2018 Southeast Regional Strawberry Integrated Pest

The following list contains more than 300 easy-to-read titles covering organic production, livestock, horticultural crops, business and marketing, farm energy, water and pest management and more.

Master Publication List | ATTRA | National Sustainable

Overview. Computer-integrated manufacturing is used in automotive, aviation, space, and ship building industries. The term "computer-integrated manufacturing" is both a method of manufacturing and the name of a computer-automated system in which individual engineering, production, marketing, and support functions of a manufacturing enterprise are organized.

Computer-integrated manufacturing - Wikipedia

Integrated pest management (IPM), also known as integrated pest control (IPC) is a broad-based approach that integrates practices for economic control of pests. IPM aims to suppress pest populations below the economic injury level (EIL). The UN's Food and Agriculture Organization defines IPM as "the careful consideration of all available pest control techniques and subsequent integration of ...
