I already gave Panter a positive review for "Jimbo". I reckon this is the sequel. It wd appear that the RAW publishers (deservedly) had more money by now. This has a little color in it & it's thicker than the earlier one. All in all, I'd say that Panter's graphic sense is even more.. GRAPHIC here. One cd say he outdid himself.

Jimbo: Adventures in Paradise by Gary Panter - Goodreads

Jimbo Adventures in Paradise is truly a tour-de-force of post modern literature and art combined into a single unique effort that uses the comic book medium in a way that could not be done in standard written form alone, and experimentation on this level is uncommon to say the least.
