Congressional Research Service Reports . The Congressional Research Service is the public policy research arm of the United States Congress and solely serves Congress as a source of nonpartisan, objective analysis and research on all legislative issues. Through Congress, the National Agricultural Law Center periodically receives CRS reports related to agriculture and food issues.

Highlights We define the concepts relevant for yield gap analysis. We review different methods for local and global yield gap analyses. Global methods are coarse and local studies use different methods. A number of

methods is compared using data sets from three regions. Components of a protocol for global yield gap analysis with local relevance are proposed.
