Prompted by a 2001 article by King and Zeng, many researchers worry about whether they can legitimately use conventional logistic regression for data in which events are rare. Logistic Regression for Rare Events | Statistical Horizons - Few topics spark as much debate on this blog and on our Facebook page than cannabis.. So we thought weâ€™d take a look at the common questions raised about the evidence and research into cannabis, cannabinoids (the active chemicals found in the plant and elsewhere) and cancer, and address some of the wider issues that crop up in this debate. Cannabis, cannabinoids and cancer â€™ the evidence so far ... -
