EPA Awards Funding to Help Identify & Improve Lead in Drinking Water. Learn more about how these projects plan to develop strategies to detect and eliminate lead exposure in drinking water.

### **Research Grants | US EPA**

Advances in Natural Sciences: Nanoscience and Nanotechnology is an international, peer-reviewed, open-access journal publishing articles on all aspects of nanoscience and nanotechnology.

### **Advances in Natural Sciences: Nanoscience and**

Self-cleaning, water and dirt-repellent coatings have differing properties, functional principles and manufacturing processes. Self-cleaning of the 'Lotus Effect' type has its basis in chemical-physical principles - these surfaces are characterised by a special roughness and are strongly water-repellent; in the ideal case, rain is sufficient for cleaning.

An efficient and cost-effective nitride-supported, ordered Fe<sub>3</sub>Pt electrocatalyst that exhibits significant enhancement in catalytic activity and durability for the oxygen reduction reaction (ORR) when compared to disordered Fe<sub>3</sub>Pt/C and Pt/C is demonstrated.

### **Advanced Energy Materials: Early View**

Green chemistry, also called sustainable chemistry, is an area of chemistry and chemical engineering focused on the designing of products and processes that minimize the use and generation of hazardous substances. Whereas environmental chemistry focuses on the effects of polluting chemicals on nature, green chemistry focuses on the environmental impact of chemistry, including technological ...

### **Green chemistry - Wikipedia**

The environmental impact of aviation occurs because aircraft engines emit heat, noise, particulates and gases which contribute to climate change and global dimming. Airplanes emit particles and gases such as carbon dioxide (CO<sub>2</sub>), water vapor, hydrocarbons, carbon monoxide, nitrogen oxides, sulfur oxides, lead, and black carbon which interact among themselves and with the atmosphere.

Managing Health and Safety Who is this section aimed at? This section is aimed at larger enterprises with a well-defined management structure, where occupational safety and health management can be integrated into the general management system of the company.

## **Managing Health and Safety - Health and Safety Authority**

Note: These are conservative estimates -- crop yields vary widely. This data is compiled from a variety of sources. Where sources vary averages are given. The yield figures are most useful as comparative estimates: a high-yielding crop may not be "better" (more suitable) than a lower-yielding crop, it depends on the particular situation.
