

nelson essential of pediatrics pdf

The majority of US youth are of healthy weight, but the majority of US adults are overweight or obese. Therefore, a major health challenge for most American children and adolescents is obesity prevention—today, and as they age into adulthood. In this report, we review the most recent evidence regarding many behavioral and practice interventions related to childhood obesity, and we present ...

Recommendations for Prevention of Childhood Obesity

Children’s Emotional Development Is Built into the Architecture of Their Brains 1 From birth, children rapidly develop their abilities to experience and express different
