Book Preface. We wrote this book for business school students who want an in-depth look at how today's business firms use information technologies and systems to achieve corporate objectives.

### **Management Information Systems (12th Edition) - PDF Book**

Operations research, or operational research in British usage, is a discipline that deals with the application of advanced analytical methods to help make better decisions. Further, the term 'operational analysis' is used in the British (and some British Commonwealth) military as an intrinsic part of capability development, management and assurance.
