SEO stands for search engine optimization. It is the process of getting traffic from the free, organic, editorial or natural search results on search engines.

### **What Is SEO / Search Engine Optimization?**

Industrial engineering is a branch of engineering which deals with the optimization of complex processes, systems, or organizations. Industrial engineers work to eliminate waste of time, money, materials, person-hours, machine time, energy and other resources that do not generate value. According to the Institute of Industrial and Systems Engineers, they create engineering processes and ...
