

personology from individual to pdf

Notions of the relationship between an individual's outward appearance and inner character are historically ancient, and occasionally appear in early Greek poetry. Siddhars from ancient India are also known to have defined samudrika lakshanam that identifies personal characteristics with body features. Chinese physiognomy or face reading (mianxiang) reaches back at least to the Northern Song ...

Biology plays a very important role in the development of personality. The study of the biological level in personality psychology focuses primarily on identifying the role of genetic determinants and how they mold individual personalities. Some of the earliest thinking about possible biological bases of personality grew out of the case of Phineas Gage.
