Drying and Preserving Plant Materials for Decorative Uses

Preserved flowers and foliage are natural flowers and greens that have been processed with a revolutionary technology to maintain their fresh appearance for several months or even years. Their beauty and soft delicate appearance makes it difficult to differentiate between cut flowers and the fresh look of our products.

Introduction | Preserved Flowers - Florever

Preserved flowers are a perfect option for long-lasting, beautiful arrangements without using silks. Each flower undergoes a special and intricate process to preserve the quality and integrity of the petals which are then dyed with rich and outstanding colors
