Units of Chapter 1 – The Nature of Science – Physics and Its Relation to Other Fields – Models, Theories, and Laws – Measurement and Uncertainty; Significant Figures – Units, Standards, and the SI System – Converting Units – Order of Magnitude: Rapid Estimating – Dimensions and Dimensional Analysis

Lecture PowerPoints Chapter 1 Physics: Principles with

Westphalian sovereignty, or state sovereignty, is the principle in international law that each nation state has exclusive sovereignty over its territory. The principle underlies the modern international system of sovereign states and is enshrined in the United Nations Charter, which states that "nothing should authorise intervention in matters essentially within the domestic jurisdiction of ...

Westphalian sovereignty - Wikipedia

Psychological testing is the administration of psychological tests, which are designed to be "an objective and standardized measure of a sample of behavior". The term sample of behavior refers to an individual's performance on tasks that have usually been prescribed beforehand. The samples of behavior that make up a paper-and-pencil test, the most common type of test, are a series of items.
