S (named ess / É s /, plural esses) is the 19th letter in the Modern English alphabet and the ISO basic Latin alphabet

S - Wikipedia

This question attempts to collect the few pearls among the dozens of bad C++ books that are published every year. Unlike many other programming languages, which are often picked up on the go from tutorials found on the Internet, few are able to quickly pick up C++ without studying a well-written C++ book.

The Definitive C++ Book Guide and List - Stack Overflow

In computer science, binary search, also known as half-interval search, logarithmic search, or binary chop, is a search algorithm that finds the position of a target value within a sorted array. Binary search compares the target value to the middle element of the array. If they are not equal, the half in which the target cannot lie is eliminated and the search continues on the remaining half ...
