whether regionalism will accelerate or inhibit multilateral trade liberalization, an issue that has been referred to as "the dynamic time-path question" (Bhagwati 1993; Bhagwati and Panagariya 1996). Preferential trading arrangements have a two-sided quality, liberalizing commerce among members, while discriminating against third parties.

### **Regionalism, Multilateralism, and Globalization**

Finally, 21st century regionalism is a serious threat to the WTO's centrality in global trade governance, but not for the reason suggested by the old building-stumbling-block thinking. 21st century regionalism is a threat to the WTO's role as a rule writer, not as a tariff cutter.
