## **Spacecraft Systems Engineering : Peter Fortescue**

The Space Systems Engineering MOOC, the result of a months-long collaboration between the non-profit Saylor Foundation, Washington, D.C. and personnel from NASA, examines basic systems engineering and teamwork as well as project life cycle, scoping, requirements, and trade studies.

## **Space Systems Engineering - Home**

Model-based Systems Engineering (MBSE) is intended to produce an integrated system model using SysML which reflects multiple views of the system to specify the interaction and interconnection of its components, and their functions, states, interfaces, and performance and physical characteristics.

## **Spacecraft Systems Engineering - AbeBooks**

The Spacecraft Systems Engineering, 4th edition, is one of the better books I have read so far on this subject. The strong points are clarity, subject matter coverage, and updated information. All the areas of spacecraft systems engineering are covered at an intermediate level of theory and mathematical formulation.
