Raw Text - Natural Language
Toolkit - ii Acknowledgements
While the cover of this textbook
lists only two names, the book as
it stands today would simply not
exist if not for the tireless work
and dedication of several people.

IUPAC Gold Book - Text mining,
also referred to as text data
mining, roughly equivalent to text
analytics, is the process of
deriving high-quality information
from text.High-quality
information is typically derived
through the devising of patterns
and trends through means such as
statistical pattern learning. Tue,
