1-3-action-potentials.pdf | Depolarization | Action Potential Action Potential And Propagation Revision The following is a plain text extract of the PDF sample above, taken from our Physiology and Pharmacology Notes . This text version has had its formatting removed so pay attention to its contents alone rather than its presentation.

the action potential revision pdf - pastapomodoro.com

At resting potential, the potassium gates are open, allowing potassium out of the cell. However, the sodium gates are closed, and sodium ions cannot flow down their chemical gradient 2.

The Action Potential - Revision Notes in A Level and IB

[PDF]Free The Action Potential Revision Notes In A Level And Ib download Book The Action Potential Revision Notes In A Level And Ib.pdf Action potential - Wikipedia

The Action Potential Revision Notes In A Level And Ib - vtt.no

Stimulation of the Action Potential". After answering question 4, click the Back to Topic button on the left side of the screen. To get back to where you left off, click on the scrolling page list at the top of the screen and choose "16. The Action Potential is Propagated Along the Axon". Page 16.

The Action Potential - interactivephysiology.com

An action potential generated in one part of a neurone travels rapidly along its axon or dendron. This happens because the temporary depolarisation of one part of the membrane sets up local circuits with the areas on either side of it.

#119 Action potentials | Biology Notes for A level

Action potentials are typically initiated in the axon initial segment and the propagation of the action potential along the axon allows communication of the output of the cell to its distant synapses.
