History Beginnings. The technological impetus for the Art of Noise was the advent of the Fairlight CMI sampler, an electronic musical instrument invented in Australia. With the Fairlight, short digital sound recordings called samples could be "played" through a piano-like keyboard, while a computer processor altered such characteristics as pitch and timbre.

Dramatic literature, the texts of plays that can be read, as distinct from being seen and heard in performance.. The term dramatic literature implies a contradiction in that literature originally meant something written and drama meant something performed. Most of the problems, and much of the interest, in the study of dramatic literature stem from this contradiction.

I hope it's clear from this image that I love pixel art. Auro was a love letter to the amazing stuff Nintendo, Capcom, Konami, and SNK produced in the 90s. That art was probably the primary reason I got into this field in the first place. It's a beautiful form, and some of my favorite pixel artwork is being made today.. That said, the word "renounce" is not just click bait.
