Richard Slaughter defines Foresight as the "deliberate process of expanding awareness and understanding through futures scanning and the clarification of emerging situations." [2] This human process is an extension of innate brain/environment perceptions.

The Foresight Principle: Cultural Recovery In The 21st Century

And what if there was another throwback from the future - and he was working for the enemy? The novel follows the story of these two 'throwbacks' as they pit their wits against each other. A very different Second World War rages across Europe, the Mediterranean, Russia, the North Atlantic and the Pacific, until its shocking conclusion.
