Blockchain, the distributed ledger technology underlying bitcoin, may prove to be far more valuable than the currency it supports. But it's only as valuable as it is secure.

How Safe Are Blockchains? It Depends.

Executive Summary. Everyone from CEOs to frontline workers commits preventable mistakes—for example, underestimating how long it will take to finish a project or focusing too much on information ...

Because the media's sexualization of female athletes promotes male superiority, the feminist movement also faces the perpetuation of a patriarchal society. Compelling female athletes to become sexualized and passive, the media essentially combines notions of feminism and traditional stereotypes ...

The Media's Sexualization of Female Athletes: A Bad Call

Gender identity haunts every aspect of our lives, dictating the outcomes of our conversations, our workplaces, our relationships – even our bath products. Before most infants are named, they are assigned a sex based on the appearance of their external genitalia by a third party. These decisions are dolled out in a typically binary fashion, with no expectations for ambiguity.
