Many people immediately respond to the problem of evil, as stated above, by saying that the problem with the argument is that it ignores free will. The basic idea here is that at least many kinds of evil are not the result of God's actions, but of the free actions of human beings. Let's think more carefully about this.

Question: "What is the biblical solution to the problem of evil?" Answer: Broadly stated, the "problem of evil" is the seeming contradiction between an all-powerful, all-loving God and the human experience of suffering and evil in the world. Critics claim that the existence of evil is proof that the omnipotent, omnibenevolent God of the Bible cannot exist.

The evidential problem The evidential problem of evil claims that the amount and distribution of evil that exists is good evidence that an omnipotent, good God does not exist. It understands the argument inductively: the way evil actually exists is good evidence for thinking that God does not exist.
