

transformers legacy the art pdf

Autobots. The Autobots (also known as Cybertrons in Japan) are the heroes in the Transformers toyline and related spin-off comics and cartoons. Their main leader is Optimus Prime, but other "Primes" have also commanded the Autobots such as Rodimus Prime. They are constantly at war with the Decepticons. In the U.S. cartoon line, the Autobots were the descendants of a line of robots created as ...

List of The Transformers (TV series) characters - Wikipedia

Arcee is the name of several fictional characters in the Transformers franchise. They are female Autobots, usually pink or blue in color. Being the most famous of the Female Autobots, she has made more appearances and has had several more incarnations than any other female Transformer. Originally she turned into a car, however, later incarnations have turned into motorcycles.

Arcee - Wikipedia

Located in Lynchburg Virginia, the mission of the Legacy Museum of African American History is to collect, preserve and store historical artifacts, documents and memorabilia relating to significant contributions of the African American Community in Lynchburg and its environs.
