Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...

The Connexions Service in England was part of a government strategy to reduce social exclusion among young people. We explore its strange roots, the emergence of the personal adviser role, and the current state of development of the Service. We also highlight some fundamental questions and issues that were present from the start, and discuss the failure of the Connexions project.
